

NOTICE OF LOCATION
AND DESIGN APPROVAL

P.I. NUMBER: 522180-
TOOMBS COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: November 8, 2018

The proposed project consists of the reconstruction and widening to the west of US 1/SR 4 from north of SR 56 at approximate MP 8.2 northward to just south of SR 15/29 at approximate MP 11.8 in Toombs County. The southern terminus of the project begins north of the intersection of US 1/SR 4 with SR 56 and south of the intersection of US 1/SR 4 with George Hill Road (CR 106) at the end of the curve of existing US 1/SR 4, and continues north as holding the existing pavement as northbound lanes, and as widening to the west side of the project (southbound lanes), and ends in tangent at the northern terminus, just south of the existing intersection of US 1/SR 4 with SR 15/29. The project length would be approximately 3.6 miles, and access would be by permit along the existing highway. The typical section (with the exception of the project limit tie-ins) is four 12' lanes with 32' grassed median and open ditch drainage, and design speed is 65 mph. The project is located in Georgia Militia Districts 1521 and 1823.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
